Using the curriculum in everyday practice

EPISODE 1

“Where’s the kidney...?”

Illustrations by Dave Shelton
THE TRAINEE WANTS TO HEAR ABOUT RENAL DISEASES, HOW CAN I DO THAT?
AH!
I COULD LOOK IN THE CURRICULUM!
OH!

I KNOW! I'LL CHECK THE RCGP'S CURRICULUM WEBPAGE
WHERE'S THE KIDNEY?
OH, I KNOW...

... I'LL BE A GP!

AND I'LL FOCUS ON THE PATIENT!
The six areas of...

1. Primary care
2. Person-centred
3. Specific problem
4. A comprehensive
5. Community or
6. A holistic approach.
SO IF YOU APPLY THE CORE STATEMENT TO RENAL DISEASES ... WHAT IS IT IMPORTANT TO THINK ABOUT?
Reflect on the last patients you saw ... then you can write up the learning points in the e-portfolio.
AND IDENTIFY YOUR LEARNING NEEDS ...
LATER THAT DAY...

SO, AS A GP, HOW DO I MANAGE MY PATIENTS WHO HAVE RENAL DISEASE?
THE NEXT MORNING...

MRS JONES, LET'S GO OVER YOUR LATEST KIDNEY TESTS...

REMEMBER: BACK TO THE CORE...
