CARERS MATTER to people living with dementia, confusion or other complex needs, who find it hard to cope in unfamiliar situations.

IF YOU ARE A CARER you have a right to continue your support (if you and they wish) whenever they’re away from home. A stay in hospital can be especially challenging and your involvement may be crucial.

John’s Campaign is supported by the Chief Nursing Officers of England, Wales, Scotland and Northern Ireland, by leading UK charities and Royal Colleges.

Please ask for a John’s Campaign leaflet or visit the website www.johnscampaign.org.uk
