

# PCD Impact Report 2019-2021

*Active practices refers to a practice which has not closed.*

## Overview of Support

The RCGP Primary Care Development programme supported 21 practices in 2019-2020, and 27 practices in 2020-2021.

3 practices closed that were supported in 2019-2020, and 1 practice closed in the 2020-2021 year.

## Key Findings

**98%** of active practices supported since 2019 have either maintained their Good rating or improved their CQC rating.

**96%** of active practices we have supported since 2019 exited special measures following our support.

Of active practices placed in special measures, **73%** of practices had been rated Good previously, and 20% had previously been rated Requires Improvement.
